

DDL CHARTER

DDL is a non-commercial meeting organised by volunteers drawn from across academia and industry. The conference is primarily financed by sponsorship, with the remaining costs being covered by the conference registration fees.

The specific objectives of the **DDL** Organising Committee are:

- ◆ Provide an interesting, high quality and varied programme that promotes, by means of podium and poster presentations and exhibitions, recent developments in the field of inhalation therapy;
- ◆ Provide a meeting that is accessible to all interested parties by keeping the registration costs to a minimum;
- ◆ Encourage researchers of all ages to present their work by means of short presentations;
- ◆ Provide a friendly and informal networking event;
- ◆ Publish the conference abstracts accessibly for the inhaled science community;
- ◆ Utilise all surplus funds generated transparently to support the advancement of inhalation science including the funding of studentships, training events, additional meetings, travel bursaries and charity donations.
